At IMANTA, we celebrate food that is fresh, pure, local and sustainable. Savor locally sourced vegetables from organic gardens, fish caught each morning in front of the hotel or by nearby fishermen and choice cuts of premium meats and exotic indigenous fruits.

Our talented culinary team prepares them with true artistry and our thoughtful staff serves them in each of two dramatically sited restaurants as well as our rooftop. Of course, you may also ask for a private chef to cook in your casona's own kitchen.

Inspired signature cocktails, fine wine, imported and local beers as well as freshly made fruit juices are available in our bars and our beautiful beach palapa, the prettiest place in Imanta to enjoy some of the most famous sunsets on earth.

Discover all of the amenities of a premier resort in a setting with a sense of place all its own.

Imanta's private beach, terrace swimming pool, fully equipped gym and library/boutique await to enrich your time.

With over 250 acres of jungle wildlife, mountain vistas, private beaches and ocean splendor, Imanta is blessed with the greatest biodiversity in all of Mexico.

This incomparable wealth and variety of life and landscape, shapes many of the activities that can make a stay at Imanta truly magical.

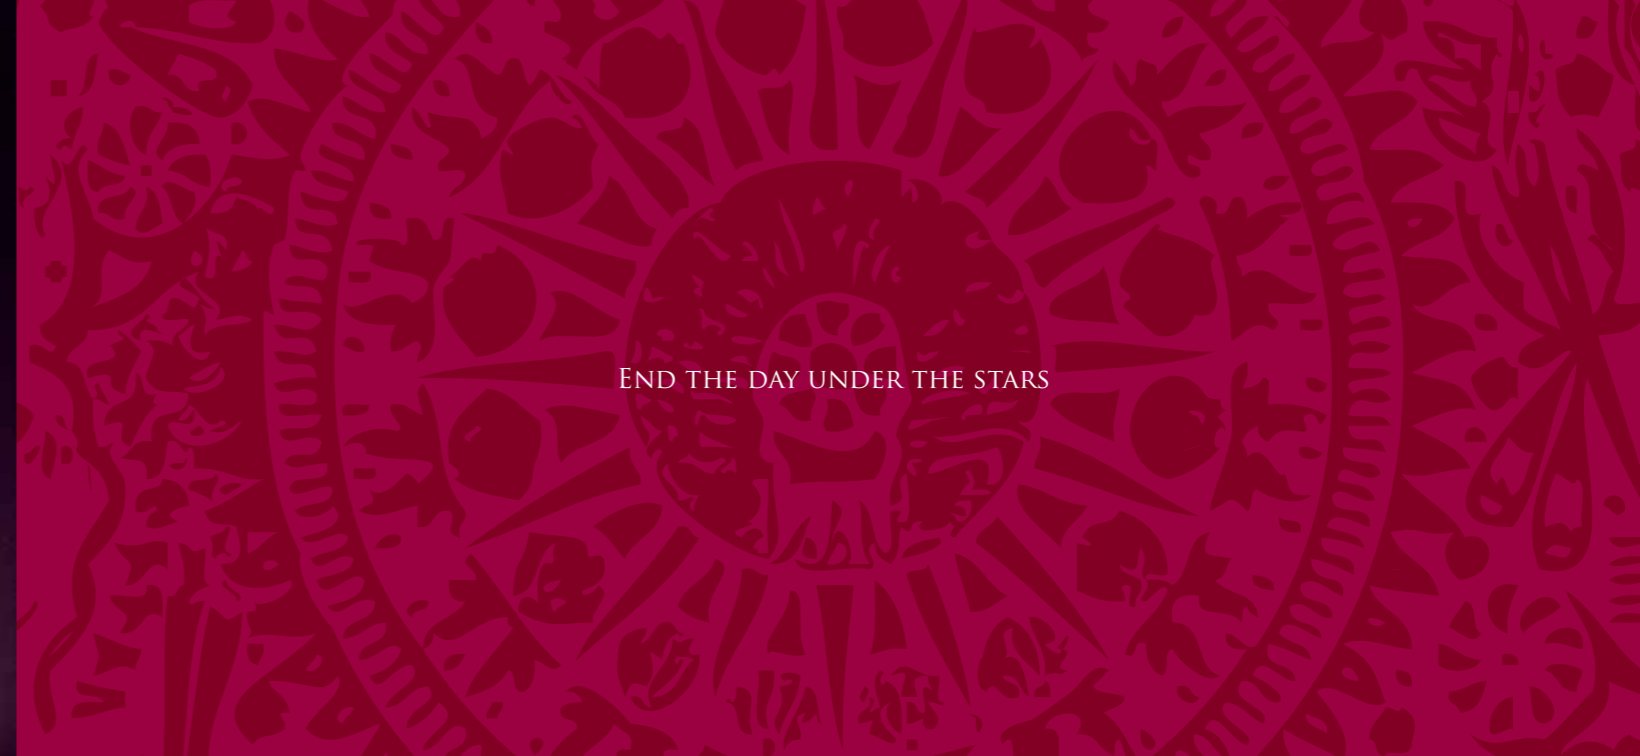

At IMANTA, we are committed to enriching our community through education, conservation, thoughtful giving and a responsible way of life.
